

What is Flyball?

Last Updated Saturday, 06 January 2007

“Flyball is a relay race between two teams of four dogs. Racing side by side, one dog from each team must go over four hurdles, trigger a Flyball box pedal, catch (retrieve) a ball and then return over all four hurdles to the start/finish line where the next dog eagerly awaits.”

“Flyball encompasses all things that dogs love to do - jumping, catching, retrieving, competing and striving to please their owners.”

Australian Flyball Association

History of Flyball and more details are [here](#) and also [here](#) .
